Braemar gas wall furnace and space heating

Proudly manufactured by Seeley International in its factory in Albury, New South Wales, Braemar has been keeping Australian families wonderfully warm for more than 50 years.

Braemar’s reputation as the leading brand of gas heating is well deserved because of its world-leading innovation, super energy-efficiency, engineering excellence and unsurpassed overall quality.

Braemar is the brand you can trust.

Braemar Ecostar TH5 Star

2008 Green Plumbers – Winner: Energy Efficient Product of the Year  
Awarded to the Braemar Ecostar ducted gas heating range by the Australian Green Plumbers, (Master Plumbers Association)

Braemar – a heating solution for you...

Braemar has a range of gas space heaters to suit any sized room, in a variety of configurations. The range now includes the ultra-energy-efficient Eco-Superstar range.

The superior technology built into our complete range of gas space heaters and wall furnaces makes Braemar the ideal choice in room heating – offering the ultimate in comfort combined with stylish design.

Better for the environment

The build-up of greenhouse gas emissions is a major concern for us all – which is why natural gas is a responsible choice for home heating needs. By installing a Braemar Eco-Superstar space heater, you’ll do more than just save on running costs... you’ll contribute towards a healthier planet.

Braemar has been keeping Australian families wonderfully warm for more than 50 years.

A natural gas space heater has the lowest carbon emissions of all other forms of space heating, according to “Choosing a heating system”.

Fresh air

Unlike unflued gas heaters, which increase the level of pollutants in the home, Braemar space heaters and wall furnaces are flued, so exhaust gases are expelled outside. With unflued heating doors or windows must be kept open to expel polluted air, but with Braemar’s flued heaters you can keep doors and windows closed and eliminate cold draughts.

Safe heating

With no unhealthy exhaust gases circulating in the air, no hot surfaces inside the home, no messy ashes or fumes and no smelly chimneys, Braemar space heating is the perfect choice for your heating needs. To further ensure your safety, Braemar’s power-flued space heaters include:

- Overheat safety switches
- Self diagnostic control systems
- Cool-to-touch cabinets
- Child locks
Braemar Eco-Superstar’s power flued gas space heaters boast an amazing 4.8 star gas energy rating – saving you money on running costs.

Ultra efficient power flued heating

Power flued space heating is one of the most economical forms of heating and Braemar Eco-Superstar space heaters are among the highest star rated products. The energy efficiency of gas heaters is measured independently, and awarded star ratings. The higher the star rating, the more energy-efficient the heater is. The more energy-efficient, the more you save on running costs. This is why Braemar Eco-Superstar space heaters have in-built technology to ensure they maximise their energy efficiency to an incredible 4.8 stars.

Sized to suit you

Braemar Eco-Superstar space heaters are available in two sizes to meet your heating needs. The SH18 unit heats up to 62m² and the SH25 unit heats up to 85m². Consult your local Braemar specialist to discuss the heater that best suits you.

Features

Standard
• Overheat safety switches
• Thermostatic temperature control
• Self diagnostic control system
• Cool-to-touch cabinet
• High/low gas rates
• Pre-heat function
• Soft-air function
• Economy mode
• Child lock
• Inbuilt and console models
• Power flue
• Natural and propane gas
• High/low fan speeds
• Electronic ignition
• Electronic flame sensing

Optional features:
• Remote control - Full 7 day programmable timer
• Rear register kit

**Wall furnaces**

Braemar’s wall furnace is Australia’s most attractive and functional. Its slim-line design makes it as discreet or as visible as you like, and with a stunning ‘Ivory Sands’ finish, it complements any decor.

**Option to heat two rooms**

An optional rear register kit means an adjoining room can also be heated, which effectively gives you two heaters for little more than the price of one.

**Replace an existing wall furnace**

Braemar wall furnaces are ideal for replacing existing wall furnaces, including the following models:
- Braemar D11/D12/D45/D55
- Vulcan Series 20/22/Quasar
- XLT 10662
- Convair Finesse Range

Please note: Additional kits may be required. Not suitable for direct wall furnaces, including the following models:

- Braemar D11/D12/D45/D55
- Vulcan Series 20/22/Quasar
- XLT 10662
- Convair Finesse Range

Braemar wall furnaces are ideal for replacing existing wall furnaces and is able to heat up to 80m².

**Braemar Ecostar WF30**
The WF30 is an ideal replacement for existing wall furnaces and is able to heat up to 90m².

**Braemar Eco-Superstar WF25**
An ultra-efficient furnace with an impressive 4.8 star rating, the WF25 heats up to 85m² and is a perfect solution for those wanting super-efficient and economical heating.

**Replace an existing wall furnace**

Braemar wall furnaces are available in three sizes to suit you

- Braemar Ecostar WF30
- Braemar Eco-Superstar WF25
- Braemar Ecostar WF40

Braemar’s wall furnace is Australia’s most attractive and functional. Its slim-line design complements any decor.

Seeley International is Australia’s largest air conditioning manufacturer and a global leader in developing ingenious, energy-efficient cooling and heating products.

Our vision is to lead the world in creating climate control solutions which continue to be highly innovative, of premium quality and inspirational in their delivery of energy-efficiency.

But it’s more than just a vision... it’s a way of life!

A commitment to innovation and excellence is at the heart of all that we do. Our success in delivering on that commitment has been recognised by our many awards and our expanding global presence... Seeley International now exports to more than 100 countries. Not bad for a company that started out in 1972 in the garage of its founder and Chairman, Frank Seeley AM, who was named South Australian of the Year for 2011!

*Haier products are proudly distributed by Seeley International throughout Australasia.
